dazzling dishes & colorful clothes and beautiful homes.
Remember that real enjoyment is of you what help on

The most important part is the food and drink something drink!
Firstly, you need the main course, you get some meat,
probably potatoes with something else. Or some sandwiches
you can get fish, chips and vegetables. Or some
dresses like sweetened honey cakes decorated with honey
and grapes. Or fresh crunchy apples and honey. A little

A always remember the ENTERTAINMENT!

Your guests might like some people having card, charades
racing or even a small Olympics. But I should definitely
have, theatre and dancing. I might also want to do some
interesting but make sure that you find things that
they like. I'll tell you the aim of the game. So some people
need to go to the club and get in the
smooth cup or next to it. Make sure you have
an appropriate day. Some people might like singing.
This is important that you have lots of comfort on make
sure the cups are full of wine or plain water.

Here are some other things you might need. A little
a smooth, comfy, red couch or a round wooden table with
silk table cloth. Or perhaps some wine and silk
decorations. You probably should invite rich people
and NO 1 poor people no way! A little wear a thin
dress and smooth bushy hair in your hair. And that
just some kind of a hope from Emma's good, well,

have fun, enjoy the food. Can I come or not? I'll see what

Visit to Chelsea FC Training Ground

*Report by **Millie** and **Milo** (Year 5) on a group of Year 5 & 6 children's visit.*

On Monday, we woke up early to get to Chelsea's training ground. When we arrived we were greeted by some Chelsea coaches and went into the big indoor training arena where we did some football passing and moving skills. Whilst there we saw some young Chelsea academy players in the gym.

Visit to Chelsea FC Training Ground

*After lunch we went on a tour of the outdoor pitches and saw other academy players training. Not planned, we met **John Terry** (ex-Chelsea and England captain) who was very friendly and funny. As we were leaving on the bus we also saw some of the current 1st team players training!*

The day was amazing in many ways—inspiring us to play more football, train harder and try and improve.

Musical Discoveries

Report by **Ruairi** and **Noah** (Year 5)

*This week in an assembly we showed everyone how to use **Charanga** –a music-making app. It is practical and is like being the conductor of your own orchestra. It develops skills in rhythm and grows your confidence. It is a fun way of discovering how to create new music.*

We hoped our assembly inspired others to try it in school (and at home) and hope they enjoy using it as much as we do!

Water Safety

In Monday's assembly, we learned about the **RNLI (Royal National Lifeboat Institution)** and the vital work of its volunteer lifeboat crews. The children discussed how the RNLI helps keep people safe around our coasts and waterways and why understanding **water safety** is so important.

Dr John Francis—The Planet Walker

In Key Stage 2 assembly today, the children learned about **Dr John Francis**, known as *“The Planet Walker”*.

He was an pioneering environmentalist who chose to walk across America and live in silence for 17 years, helping people think more carefully about listening, choices, and caring for the Earth.

His story encouraged us to reflect on how even small actions can make a difference.

What is one small thing you could do to help the planet?

Well done to our Pupil Voice Champions in Year 5: Lizzie (Wellbeing) and Patrick (Sustainability) who helped present a thoughtful assembly.
