

‘Striving for excellence, valuing everyone and our world.’

At Harlands, our vision is, to give every child the life chances they deserve, remove the fear of failure and barriers to success.

We achieve this through:

- Mutual respect
- Learning through mistakes
- Celebrating individuality and choice
- Discovering creativity
- Allowing our children a voice

This encourages our children to feel empowered to change their own lives and their community, ensuring they become life-long learners and positive contributors to society.
